Superintendent of Schools

Eleanor DiMarino-Linnen, Ph.D.
Director of Pupil Services
and Special Education

Dear Parents:

The Pennsylvania School Health Regulations require that children entering school for the first time in either kindergarten or first grade, and all students in third grade, and seventh grade receive a dental examination. **This is NOT an orthodontic examination.** The State is suggesting that the parents or guardians of the children in these grades have the examination done by their family dentist. The report your dentist is to use for the examination is presented below.

The District will accept proof of private dental examination that was completed within one calendar year prior to the students entry into the grade in which the examination is required. (Board Policy No. 209)

In order to have your child's records complete, ***we must have this form returned to your child's school nurse by Friday of the first full week of school.*** If this form is not returned, the school dentist or hygienist will perform the required dental examination of your child.

Thank you.
